

PAID TEACHING

Internships

2022

Are you a STEM Undergraduate at Reading University?

Have you considered teaching?

With our Teaching Internship Programme, run in partnership with the University of Reading, you'll be able to experience the teaching profession, gain vital transferrable skills and be paid **£300** per week for your time.

If you're an undergraduate studying a STEM degree at the University of Reading and are interested in teaching secondary maths, physics or computing then the Teaching Internship programme could be for you. Internships last for 3 weeks and will take place during June and July 2022.

You'll get the opportunity to experience a range of activities in great local schools including:

- classroom experience, including: assisting with lessons and providing subject support to pupils

- shadowing experienced teachers and observing lessons, followed by a chance to jointly plan and deliver lessons
- one-to-one guidance from outstanding classroom teachers
- opportunities to network with qualified subject specialists
- **To participate you must be on the Skills in School Module**

If you are interested and want to learn more, please email ess17s@reading.ac.uk or MEIOffice@maidenerleghtrust.org
